

Teacher of Electronics and Engineering - 1FTE Permanent

Are you passionate about inspiring the next generation of scientists and engineers? At John Leggott College, we are proud to offer a vibrant and forward-thinking environment where both staff and students thrive.

Our department delivers a diverse range of courses including A Level Electronics and Engineering, alongside Biology, Chemistry and Physics. With two dedicated technicians supporting our science team, we ensure our staff have the resources they need to deliver outstanding teaching. Located in the purpose-built Science Block, shared with our Allied Health Department, our facilities foster collaboration and innovation. We're committed to creating a supportive and inclusive space where learners can explore, experiment, and excel.

At JLC, we go beyond the curriculum. We're passionate about enriching our students' experience through opportunities that build cultural capital, develop wider skillsets, and prepare them for life beyond college. Whether it's through enrichment activities, career guidance, or tailored support, we empower our learners to achieve their full potential.

At John Leggott College, we invest in our staff as much as we invest in our students. By joining us, you will benefit from:

- ♦ **Modern Sports and State-of-the-Art Facilities** – Including a fully equipped sports hall, fitness suite, outdoor pitches, and access to a wide range of physical activity resources that support practical and theory-based teaching; newly developed Clinical Health Suite, featuring a cutting-edge mock hospital ward and primary school room, provides an immersive, real-world learning experience.

- ♦ **Career Development & Progression** – Whether you're an experienced educator or transitioning from a sporting or coaching background, we offer tailored CPD, leadership development programmes, and mentoring support for Early Career Teachers.

- ♦ **A Thriving Teaching Community** – Collaborate with a passionate team of professionals across Sport, Public Services, and Health, with access to networking, training, and innovative teaching resources.

- ♦ **Outstanding Staff Benefits** – Enjoy a highly competitive package, including the Teachers' Pension Scheme (TPS), free on-site parking, catering facilities, and access to an extensive range of staff wellbeing initiatives and discounts.

Whether you're an experienced educator or transitioning from a sports or coaching background, we offer outstanding CPD, leadership development, and mentoring.
